

EMCO Chemical Distributors Canada Ltd. is a fully owned subsidiary of EMCO Chemical Distributors Inc., one of the largest distributors in North America. EMCO is devoted to customers by providing efficient and personalized service since 1971. We supply raw materials and ingredients to a variety of industries. EMCO is a leader in chemical packaging and blending in North America. Supporting our experienced sales staff is a strong team of technical product managers and degreed chemists who are an additional source of information on the newest technologies.

## PRODUCTS

- Industrial chemicals
- Specialty chemicals

## SERVICES

- EMCO custom packaging  
N. Chicago, IL
- MOZEL custom packaging  
Columbia, IL
- Waste services
- Quality & technical services
- Clean room/white room  
Blending & packaging

## INDUSTRIES SERVED

- Adhesives & Sealants
- Agriculture
- Food & Fragrances
- HI & I
- Ink
- Lubricants
- Oil & Gas
- Paint & Coatings
- Personal Care
- Pharmaceutical & Natural Health
- Rubber & Plastics

## WHERE WE ARE LOCATED

- **Toronto, Ontario**  
EMCO Canada Ltd. Headquarters & Warehouse
- **Montreal, Quebec**  
Sales Office
- **Vancouver, British Columbia**  
Warehouse
- **Calgary, Alberta**  
Warehouse

# EMCO PROUDLY REPRESENTS

## COVESTRO LLC (FORMERLY BAYER MATERIALSCIENCE)

### Adhesives and Sealants:

- Arcol<sup>®</sup> and Multtranol<sup>®</sup> Polyether Polyols
- Baypren<sup>®</sup> Polychloroprenes
- Desmocoll<sup>®</sup> Elastomeric Polyurethanes
- Dispercoll<sup>®</sup> C Polychloroprenese (Aqueous)
- Dispercoll<sup>®</sup> U Polyurethan Dispersions
- Desmoseal<sup>®</sup> Silane-Terminated Polyurethane Prepolymers

### Coatings:

- Bayhydrol<sup>®</sup> Polyurethane Dispersions
- Bayhydrol<sup>®</sup> A Hydroxyl-Functional Polyacrylic Dispersions
- Bayhydrol<sup>®</sup> UV Curable Polyurethane Dispersions
- Bayhydrol<sup>®</sup> Polyisocyanates
- Crelan<sup>®</sup> Blocked Cyclopathic Hardener for Powder Coatings
- Desmocap<sup>®</sup> Urethane Polymer for flexibilizing epoxy
- Desmodur<sup>®</sup> Polyisocyanates
- Desmodur<sup>®</sup> Blocked Polyisocyanates
- Desmophen<sup>®</sup> Solventborne Polyesters
- Desmophen<sup>®</sup> NH Polyaspartates
- Mondur<sup>®</sup> Diisocyanates (MDI, TDI)
- Mondur<sup>®</sup> Polymeric (MDI)

## COVESTRO LLC ELASTOMERS (FORMERLY BAYER MATERIALSCIENCE/BAULÉ)

### Cast Urethane Systems:

- MDI/TDI Ether and Ester
- Low-Free TDI
- Baytec<sup>®</sup> MAX Amine Cured MDI
- HMDI
- Quasi MDI

## AB SPECIALTY

- Silicone, Silanes, Gums, RTV

## ADMARK EPOXY

- Epoxy hardeners & diluents
- Phenalkamines, Polyamides, Cycloaliphatic Reactive & Non-Reactive diluents

## CHEMIK IRON OXIDE

- Red, Yellow, Carbon Black (T/L Quantities Only) & various blends

## EAGLE SPECIALTY PRODUCTS

- SUPERSPERSE<sup>®</sup> 95 is a multifunctional dispersant
- Additives to reduce foam
- Pigment dispersants

## SANMU

- Epoxy Resin
- Liquid and Solid Epoxy Resin

## PCBTF

- No HAPS, no VOC Solvent

## RADCO

- High Temperature Heat Transfer Fluid

## YUNNAN XINLI

- Rutile Chloride process TiO2
